RE : Town of Union's Uniform Dwelling Code (UDC) ordinance ; ordinance # 955

Dear Ms. George:

We have received the revised copy of the Town of Union ordinance which adopts the states Uniform Dwelling Code. The ordinance satisfies DILHR rules as stated in section ILHR 20.06 and is acceptable to the department.

It is our understanding that the town has retained the services of inspector Robert G. Fahey. Our records show that inspector Fahey does not have the UDC-Plmg. certification as required by your ordinance section 1.5. Until inspector Fahey gets this certification; either the town or inspector Fahey will have to retain the services of a qualified plumbing inspector to do those inspections.

You may begin enforcement of the UDC using state permit forms, permit seals and procedure explained in Chapter 20. You or Inspector Fahey should order permit seals that will be issued for the use of your municipality. A seal will then be assigned to each dwelling and indicated on the permit form before issuing the permit. Your municipal inspector, Robert G. Fahey, should be familiar with this process.

The forms requested by Inspector Fahey will be forwarded under separate cover. If you have any questions please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Ergun I. Somersan", with a horizontal line extending to the right.
